### Contest Information

Read complete contest information before applying. Please read all requirements carefully. Entries that do not meet ALL requirements will be automatically disqualified from the contest without notification to the student.

### Applicant Eligibility Requirements

The Asa Tuten Memorial - GFSA State Scholarship Essay Contest is open to high school seniors in Georgia who plan to further their education at a college/university or certified trade school in the United States. The scholarship is not based on financial need. Relatives of GFSA board members may not enter.

You must be a high school senior during the 2018-2019 school year who will attend a college/university or trade school in the United States starting with the fall 2019 semester.

Home-schooled students may apply as long as your course of study is equivalent to that of a senior in high school.

## Essay Requirements

All applicants must submit a text-only (no graphics included) essay between 700-1,000 words addressing the theme specified by the GFSA. Each essay must be an original work written by the applicant and must be accompanied by a bibliography citing all sources of information used. Only entries submitted through to the GFSA email address as stated in the application process are accepted. Only one essay per applicant is allowed.

### **The Essay Theme for 2019:**

**Fire Sprinklers - Past, Present, and Future. Discuss the origins of the industry, where we currently stand, and how new and upcoming technology could be incorporated to bring fire sprinklers into the 21st century.**

### Bibliography Requirements (a.k.a. Works Cited)

The bibliography is the list of sources you used when writing and/or researching your essay. Essays without a bibliography will not be accepted. When citing a source within the essay itself, place the number of the source as it corresponds to your bibliography in brackets ([1], [2], etc.) instead of typing the entire bibliography entry every time.

Sample bibliography:

1. Blahz, John. Talk is Like Tango. FakeBook Publishers Co.; 2nd edition, 1998.
2. Fella, Heyder. Talkin' to Me? Seriously Printing House; Reprint edition, 1993.
3. Shush, Sally Mae. "All Talk and No Study"

Sample source identification in essay text:

Blahz presents this argument in the section he calls "This is what I think." [1] His point of view is strongly supported by Fella's assertion that "Everyone thinks what they want, that's life." [2] However, studies show...

### Plagiarism Notice

Plagiarism.org defines plagiarism as "the improper use, or failure to attribute, another person's writing or ideas (intellectual property). It can be as subtle as the inadvertent neglect to include quotes or references when citing another source or as blatantly unethical as knowingly copying an entire paper verbatim and claiming it as your own work." ([www.plagiarism.org](http://www.plagiarism.org))

**IMPORTANT:** An essay containing any form of plagiarism will automatically be disqualified from the contest without notification to the student.
